## Health Systems Strengthening Advisor, Quelimane, Mozambique

[Apply Now](#)

Company: FHI 360

Location: Quelimane

Category: other-general

### Description

HSS Advisor will provide technical oversight of health systems strengthening and technical assistance (TA) activities related to service delivery of maternal newborn and child health (MNCH), nutrition, and immunization programming. The HSS Advisor will report directly to the Integrated Health Service Delivery Technical Advisor and work in tandem with other technical and operational staff to support efficient and effective project implementation. This position will take a leadership role in ensuring the Activity meets stated health system strengthening goals, quality standards, and reporting requirements. The HSS Advisor will also coordinate among USAID, donors, other health implementing partners (IPs), and numerous Government of the Republic of Mozambique (GRM) institutions and representatives, at the district, provincial and national level, for health system strengthening activities. The proposed candidate must fulfill the position requirements detailed below.

### Job Summary/Responsibilities:

Lead the technical direction of HSS activities, based on local and global best practices.

Provide strategic leadership on HSS policy and programming in ways that are sensitive and beneficial and in harmony with other health projects and coordinating mechanisms.

Contribute to program/project design, implementation, learning, and monitoring and evaluation through active collaboration with project teams and GRM.

Actively ensure alignment across the project's approaches across all levels to ensure the

project delivers a comprehensive and coordinated package of technical support on HSS priorities.

Lead the day to day technical and operational activities of HSS activities in close alignment and collaboration with the QI Advisor, Supply Chain Advisor, and other Technical Advisors.

Lead the development and refinement of HSS project inputs (trainings/mentoring/coaching, tools, guidelines, and standards).

Support the Technical Director and collaborate with other Advisors to ensure that all areas of the project are integrated and maximize the use of available project resources.

Contribute to the learning agenda by identifying information gaps in HSS that could be filled by secondary data analysis, literature reviews, field testing of new approaches, and collaborative learning events, and lead technical inputs on learning activities related to HSS.

Maintain diplomatic and high-quality interactions and clear and consistent communications internally and with partners.

**Qualifications:**

Master's degree or its international equivalent in a relevant field such as medicine, public health, health administration, or public administration. Public health training is strongly preferred.

At least eight years of experience coordinating or implementing health service improvement programs, or providing technical assistance for MNCH, nutrition, and/or immunization service delivery with at least six of those years working in the Mozambique health system.

Deep knowledge of the landscape for health programming in Mozambique, including GRM and USAID priorities.

Ability to interact effectively and collaboratively with a broad range of public and private sector counterparts, donors, and other key stakeholders.

Excellent knowledge of Mozambique provincial, district and community-level structures.

Experience leading moderate to large size teams of health professionals.

Excellent interpersonal, and English language writing, and oral presentation skills.

Experience working with a USG-funded program is desired.

FHI 360 offers a competitive compensation package and is an equal opportunity employer. Kindly note that only shortlisted candidates will be contacted.

This job posting summarizes the main duties of the job. It neither prescribes nor restricts the exact tasks that may be assigned to carry out these duties. This document should not be construed in any way to represent a contract of employment. Management reserves the right to review and revise this document at any time.

FHI 360 is an equal opportunity and affirmative action employer whereby we do not engage in practices that discriminate against any person employed or seeking employment based on race, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, age, marital status, physical or mental disability, protected Veteran status, or any other characteristic protected under applicable law.

Our values and commitments to safeguarding: FHI 360 is committed to preventing any type of abuse, exploitation and harassment in our work environments and programs, including sexual abuse, exploitation and harassment. FHI 360 takes steps to safeguard the welfare of everyone who engages with our organization and programs and requires that all personnel, including staff members and volunteers, share this commitment and sign our code of conduct. All offers of employment will be subject to appropriate screening checks, including reference, criminal record and terrorism finance checks. FHI 360 also participates in the Inter-Agency Misconduct Disclosure Scheme (MDS), facilitated by the Steering Committee for Humanitarian Response. In line with the MDS, we will request information from job applicants' previous employers about any substantiated findings of sexual abuse, exploitation and/or harassment during the applicant's tenure with previous employers. By applying, job applicants confirm their understanding of these recruitment procedures and consent to these screening checks.

FHI 360 will consider for employment all qualified applicants, including those with criminal histories, in a manner consistent with the requirements of applicable state and local laws.

**FHI 360 will never ask you for your career site username or password, and we will never request money, goods or services during the application, recruitment or employment process. If you have questions or concerns about correspondence from us, please email <**

FHI 360 fosters the strength and health of its workforce through a competitive benefits package, professional development and policies and programs that support a healthy work/life balance. Join our global workforce to make a positive difference for others — and yourself.
