## MNCH Director, Mozambique

[Apply Now](#)

Company: FHI 360

Location: Quelimane

Category: other-general

### Description

The MNCH Director will provide management and technical oversight of activities to improve access to and quality of maternal newborn and child health (MNCH) services at the community- and health facility-levels. The MNCH Director will be based in Quelimane, Zambézia and will directly oversee staff in the main project office and provide technical support and guidance to regional and provincial teams in Mocuba, Nampula, Niassa, and Tete. This will require frequent travel across the project's focal provinces, districts and communities. This role will report directly to Technical Director for Integrated Service Delivery and work in tandem with the Nutrition and Immunization Technical Directors to ensure the Activity meets stated integrated health service delivery goals, quality standards, and reporting requirements. The MNCH Director will also coordinate among USAID, donors, other health implementing partners (IPs), and numerous Government of the Republic of Mozambique (GRM) institutions and representatives, at the district, provincial and national level, for MNCH service delivery activities. The MNCH Director will assist the Technical Director for Integrated Service Delivery to ensure the overall success of the project and will be responsible for managing the technical direction and implementation of MNCH-related facility and community-based programming. The proposed candidate must fulfill the position requirements detailed below.

### Job Summary/Responsibilities:

Contribute to the technical direction of the project related to evidence-based MNCH

programming for facility and community-level interventions, based on local and global best practices.

Provide strategic leadership on MNCH policy and programming in ways that are sensitive and beneficial and in harmony with other technical areas of the activity and coordinating mechanisms.

Provide guidance and technical support in alignment with GRM RMNCH policies and strategies, including USAID development priorities.

Coordinate effective engagement and communication between project technical leads and teams and provincial implementation teams for RMNCH across activity implementation, learning, and monitoring.

Ensure ongoing engagement and communication between project technical leads and FHI 360 central technical support.

Oversee and provide technical guidance on the development of technical briefs, reports, or other necessary materials to facilitate research, best practices, policies, and procedures.

Effectively manage the technical team to build the MNCH technical capacity of regional, district, and facility teams through technical updates, training, exchange visits, literature sharing, and mentorship.

Provide supervisory and operational oversight of provincial project teams to ensure that the project meets intended service delivery goals, quality standards, and reporting requirements.

Actively ensure alignment across the project's clinical and community health systems approaches to ensure the project delivers a comprehensive and coordinated package of technical support.

Actively engage and represent the project in networks and forums to support GRM RMNCH priorities and promote involvement of multiple government sectors, donors, and the private sector in MNCH-related initiatives.

**Qualifications:**

Master's degree or its international equivalent in a relevant field such as medicine, public health, business administration, or social sciences. Clinical background with public health

training is strongly preferred.

At least 10 years of experience in providing technical and/or project management support to programming addressing MNCH, with at least 4 years of experience working on USG-funded health programming in Mozambique.

Deep knowledge of the landscape for MNCH programming in Mozambique, including key Ministry of Health and USAID priorities.

Experience and expertise in evidence-based facility- and community-based MNCH service delivery approaches.

Proven senior expertise in developing and implementing effective partnerships with partners, government entities, and donors.

Knowledge and proven experience in technical leadership, strategy development, and staff oversight.

Demonstrated leadership, management, coordination, teamwork, and planning skills, with proven ability to liaise effectively with and collaborate with diverse stakeholders, including global, regional, national, local, public and private partners.

Excellent interpersonal, and English language writing, and oral presentation skills.

Must be a Mozambican national.

FHI 360 offers a competitive compensation package and is an equal opportunity employer.

Interested candidates are encouraged to apply online at FHI 360s Career Centre.

This job posting summarizes the main duties of the job. It neither prescribes nor restricts the exact tasks that may be assigned to carry out these duties. This document should not be construed in any way to represent a contract of employment. Management reserves the right to review and revise this document at any time.

FHI 360 is an equal opportunity and affirmative action employer whereby we do not engage in practices that discriminate against any person employed or seeking employment based on race, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, age, marital status, physical or mental disability, protected Veteran status, or any other characteristic protected under applicable law.

Our values and commitments to safeguarding:FHI 360 is committed to preventing any type of abuse, exploitation and harassment in our work environments and programs, including sexual abuse, exploitation and harassment. FHI 360 takes steps to safeguard the welfare of everyone who engages with our organization and programs and requires that all personnel, including staff members and volunteers, share this commitment and sign our code of conduct. All offers of employment will be subject to appropriate screening checks, including reference, criminal record and terrorism finance checks. FHI 360 also participates in the Inter-Agency Misconduct Disclosure Scheme (MDS), facilitated by the Steering Committee for Humanitarian Response. In line with the MDS, we will request information from job applicants' previous employers about any substantiated findings of sexual abuse, exploitation and/or harassment during the applicant's tenure with previous employers. By applying, job applicants confirm their understanding of these recruitment procedures and consent to these screening checks.

FHI 360 will consider for employment all qualified applicants, including those with criminal histories, in a manner consistent with the requirements of applicable state and local laws.

**FHI 360 will never ask you for your career site username or password, and we will never request money, goods or services during the application, recruitment or employment process. If you have questions or concerns about correspondence from us, please email <.**

FHI 360 fosters the strength and health of its workforce through a competitive benefits package, professional development and policies and programs that support a healthy work/life balance. Join our global workforce to make a positive difference for others — and yourself.
