Piling Site Superintendent

[Apply Now](#)

Company: BESIX Infra

Location: Maputo

Category: other-general

Description de l'entreprise

Since first going into action in 1909, the BESIX Group has over the years grown into a multidisciplinary company with a leading position in its markets: construction, property development and concessions. BESIX Contracting specializes in construction, infrastructure and marine works, often in contracts with a high level of complexity. In Benelux and France, the Group's regional affiliates BESIX Infra, Jacques Delens, Vanhout, Wust and Lux TP ensure a strong presence and a local approach. With Franki Foundations, Socogetra, BESIX Environment and BESIX Unitec, the Group offers specialist niche solutions for the building market like deep foundations, geo-engineering, road construction, water treatment and cable and pipeline construction.

Backed by our experience in our home markets, we have built up strong positions outside Europe. A typical example is the Middle East, where over a 50 year period we have built up an impressive portfolio. This diversification in activities and geography pays off by reducing our risk exposure.

Description du poste

Piling works.

Placement of Precast element.

Concrete operations.

You install and organize the construction (logistics, materials, people);

You direct all aspects of the day-to-day execution of the project, and you monitor and coordinate work performed by foremen and labour;
