Company: McDermott International

Location: Maputo

Category: other-general

Job Overview:

The Senior Planner uses McDermott's Planning/Scheduling discipline practices and knowledge of internal or external issues to improve the Planning/Scheduling discipline within McDermott. They will act as a resource for colleagues with less experience and share their conceptual and practical expertise related to the Planning/Scheduling discipline. They solve complex problems and use their discipline-specific knowledge to improve their products or services. The Senior Planner impacts a range of customer, operational, project, or service activities with the Planning/Scheduling team and other related teams and ensures that they are working within the appropriate guidelines and policies.
