

Workshop Manager

[Apply Now](#)

Company: PRI

Location: Beira

Category: other-general

Overview

We are hiring!

Our client in Beira is looking for a Workshop Manager to join their team. The ideal candidate will have a deep understanding of the Mechanical Sector and a proven track record in the relevant field.

To apply or for more information follow the link below.

Responsibilities

Create and manage risk, issue and business requirements logs.

This process involves constant coordination with executive leadership.

Ensure tight control of workshop overheads and operational maintenance costs for both internal and external maintenance spends.

Be a key contributor to the fleet annual Capital refurbishment and new equipment replacement program by working closely with the fleet project engineer.

Provide day to day support to workshop supervisors around technical issues ensuring aligned standards are maintained.

Requirements

It is essential that you are a qualified time-served mechanic with a minimum of 12 months previous supervisory experience, working within a vehicle workshop environment.

Strong interpersonal skills.

Ability to work with people at various levels from shop floor to senior management.

Can look beyond the initial customer enquiry and identify other business opportunities.

CAD drawing skills are an advantage but not essential.
